### **Experience Entailed:**

**University of Hartford**, West Hartford, CT

G3 Adjunct Professor 2004–2010

Taught the Materials, Methods & Construction Documents course, Design II & III and developed the Advanced Construction Documents course. Worked in conjunction with other professors to build lesson plans, critique student work, and lectures. Worked with team to gain NAAB and ABET certification for the Architectural Department. Worked with AIAS and other local professionals to bring in product representatives and professionals for guest lectures.

**E W Architects**, Old Saybrook, CT

Principal

2004–2010

Sole Proprietorship. All aspects of an Architectural practice. As well as acquiring my own clients I did consultant work for local Architectural Firms: Project Development, Schematic Design, Construction Documents, as well as teach their staff a variety of CAD applications

**Ai Architects**, Essex, CT

Project/Production Mgr 2002–2004

Renovations, new buildings, additions, Municipal and Corporate work. Facilitated client meetings. Maintaining production department. Keeping office up to date on new trends in production/technologies. Utilizing those resources to further the development of design and presentation of our projects. Personally coordinated with Aetna's security team centralizing their monitoring of all building's security, safety & fire monitoring to a central

security office. Coordination with Department of Public Works on several projects; following DPW guidelines and requirements.

**Centerbrook Architects and Planners**, Centerbrook, CT      Project Manager      2000–2002

Integral in creating the ERIC program, **Emergency Response in CAD**,  
[http://archrecord.construction.com/practice/pdfs/0208small\\_Part\\_3.pdf](http://archrecord.construction.com/practice/pdfs/0208small_Part_3.pdf) to educate the  
firm in computer aided drafting and the digital presentation age of Architecture

**Wesketch Architecture**, Millington, NJ      Project Manager      1997–2000

Majority residential work some office interiors. Specialized in teaching the value of digital  
client presentation and whole project digital integration.

**Hiland Hall Turner & Associates**, Bernardsville, NJ      Job Captain      1994–1997

Residential work. Switched office from all paper to all CAD. Guiding new employees in  
office CAD standards; as well as instructing in new technologies.

**Guy Lindsay Kohn**, New York, NY      Project Manager      1993–1994

Sole employee. In charge of production, interpretation of design direction. Corporate,  
Storefront and Renovation work.
